In Eye Chart Object Lessons, optician and author Dr. Rob Stone invites you into his world of eye exams and offers a unique perspective on life, love, and the human condition.

Through a series of witty and insightful essays, Dr. Stone explores the many ways that our eyes can reveal our inner selves. He writes about the shy patient who hides behind her glasses, the elderly couple who share a lifetime of love through their shared vision, and the young man who is finally able to see the world clearly after years of struggling with poor eyesight.

Eye Chart Object Lessons is a book that will make you laugh, cry, and think. It is a book that will stay with you long after you finish reading it.
