

Federal Register Vol 78 No 58 March 26 2024: Your Gateway to Government Decision- Making

The Federal Register is the official daily publication for rules, proposed rules, and notices of federal agencies and organizations, as well as executive Free Downloads and other presidential documents. It is an essential resource for anyone interested in understanding the inner workings of the federal government and how regulations are made.

The Federal Register was established by Congress in 1935 as a way to make government more transparent and accessible to the public. It is published every business day by the Office of the Federal Register, a part of the National Archives and Records Administration.

The Federal Register contains a wide variety of information, including:

Federal Register Vol. 78, no. 58 - March 26, 2024

- **Rules:** Final regulations that have been adopted by federal agencies.
- **Proposed rules:** Regulations that are still under consideration by federal agencies.
- **Notices:** Announcements of public meetings, hearings, and other events.
- **Executive Free Downloads:** Directives issued by the President.
- **Other presidential documents:** Speeches, proclamations, and other documents issued by the President.

The Federal Register can be a daunting document to navigate, but with a little practice it becomes easier to find the information you need. The Federal Register is divided into six sections:

- **Part I:** Rules and regulations.
- **Part II:** Proposed rules.
- **Part III:** Notices.
- **Part IV:** Executive Free Downloads.
- **Part V:** Presidential documents.
- **Part VI:** Agency rules and regulations.

Each section is further divided into subparts, which are organized by agency. To find information on a specific topic, look for the appropriate subpart in the relevant section.

For example, if you are interested in regulations on environmental protection, you would look in Part I under the subpart for the Environmental Protection Agency.

The Federal Register is an essential resource for anyone who wants to understand how the federal government works. It is a valuable tool for researchers, journalists, lawyers, and anyone else who needs to stay up-to-date on the latest government regulations.

The Federal Register is also an important tool for public participation in the federal rulemaking process. The public is given an opportunity to comment on proposed rules before they are finalized. This allows the public to have a say in the development of regulations that will affect their lives.

The Federal Register is a vital source of information about the federal government and its activities. It is an essential resource for researchers, journalists, lawyers, and anyone else who wants to understand how regulations are made. The Federal Register is also an important tool for public participation in the federal rulemaking process.
