A Novel of Family, Betrayal, and Redemption

From the bestselling author of *The Perfect Daughter* comes a gripping and emotional novel about a young woman who must confront her hatred for her stepmother.

When Sarah's father remarried, she was furious. She hated her new stepmother, Emily, on sight. Emily was everything that Sarah wasn't: beautiful, confident, and popular. Sarah was convinced that Emily was trying to steal her father away from her.

As the years went by, Sarah's hatred for Emily only grew stronger. She refused to speak to her, or even acknowledge her existence. But then, one day, Emily was diagnosed with cancer. And everything changed.

Sarah was forced to confront her feelings for Emily. She realized that she didn't hate her stepmother after all. She pitied her. Emily was a kind and caring woman who was facing a terrible disease. Sarah decided to put aside her hatred and help Emily through her illness.

As Sarah and Emily spent time together, they began to bond. They talked about their lives, their fears, and their dreams. Sarah learned that Emily was not the selfish, manipulative woman she had always thought she was. She was simply a woman who was trying to do her best in a difficult situation.

In the end, Emily's cancer took her life. But her death left a lasting impact on Sarah. She realized that hate is a destructive emotion that can poison the heart. She also learned that it is never too late to forgive.
