Walkthrough

Metro Exodus is a linear game, but there are still many different ways to approach each level. The walkthrough below will guide you through the

main story path, but you can feel free to explore and complete side quests at your own pace.

Chapter 1: The Volga

The first chapter of Metro Exodus takes place on the banks of the Volga River. You will start out in a small village, where you will meet the other survivors who will be joining you on your journey. After completing a few side quests, you will set off on a boat to find a new home.

The Volga is a dangerous place, and you will need to be careful to avoid the pirates and mutants that roam the river. You will also need to keep an eye on your supplies, as food and water are scarce.

Chapter 2: The Caspian Sea

The second chapter of Metro Exodus takes place on the shores of the Caspian Sea. You will arrive in a small town, where you will meet a group of scavengers who will offer to help you find a new home.

The Caspian Sea is a vast and unforgiving desert, and you will need to be prepared for anything. You will need to find food and water, and you will need to be able to protect yourself from the bandits and mutants that roam the land.

Chapter 3: The Taiga

The third chapter of Metro Exodus takes place in the taiga, a vast forest that stretches across Siberia. You will arrive in a small village, where you will meet a group of hunters who will offer to help you find a new home.

The taiga is a beautiful but dangerous place, and you will need to be careful to avoid the bears and wolves that roam the forest. You will also need to be prepared for the cold, as the temperatures can drop below freezing at night.

Chapter 4: The Yamantau

The fourth chapter of Metro Exodus takes place in the Yamantau, a secret underground military base. You will arrive at the base after following a signal from your father, who disappeared many years ago.

The Yamantau is a dangerous place, and you will need to be careful to avoid the guards and mutants that roam the base. You will also need to find a way to disable the base's security systems, so that you can escape.

Chapter 5: The Dead City

The fifth chapter of Metro Exodus takes place in the Dead City, a ruined city that was once home to millions of people. You will arrive in the city after following a signal from your father, who has been captured by a group of bandits.

The Dead City is a dangerous place, and you will need to be careful to avoid the bandits and mutants that roam the city. You will also need to find a way to rescue your father, before it's too late.

Chapter 6: The Exodus

The sixth and final chapter of Metro Exodus is a race against time. You will need to find a way to escape the Dead City, before the mutants overrun the city. You will also need to find a way to reach the surface, so that you can start a new life in the outside world.

The Exodus is a challenging chapter, but it is also the most rewarding. If you can make it through alive, you will have earned your place among the survivors of the Metro Exodus.

Tips

Here are a few tips to help you survive the harsh world of Metro Exodus:

- Be stealthy. Mutants and bandits are attracted to noise, so try to avoid making too much noise when you are exploring.
- Use your environment to your advantage. You can use objects in the environment to create cover, or to distract enemies.
- Be prepared for anything. You never know what you are going to encounter in Metro Exodus, so it is always best to be prepared for anything.
- Don't be afraid to explore. There are many hidden areas in Metro Exodus, so don't be afraid to explore off the beaten path. You may find some valuable loot, or even a new weapon.
- Have fun! Metro Exodus is a great game, so don't forget to have fun while you are playing it.

Cheats

Here are a few cheats that can help you make your way through Metro Exodus a little bit easier:

- God mode: god
- Infinite ammo: ammo

- No reload: noreload
- All weapons: weapons
- All attachments: attachments

To use a cheat, simply open the console (~) and type in the cheat code. Cheats can be disabled by typing in the same cheat code again.
