In her groundbreaking new book, *Shielded*, journalist Andrea Ritchie digs deep into the hidden world of police misconduct and the forces that protect it. Drawing on years of research and interviews with victims, activists, and law enforcement officials, Ritchie reveals a system that is rigged against accountability.

Ritchie shows how police unions, qualified immunity, and a code of silence among officers create a shield that protects even the most abusive cops from consequences. She also exposes the role of prosecutors, judges, and politicians in perpetuating this system of impunity.
